

## **PHOTOGRAPHY POLICY**

At Bonneville Academy, we recognize the desire to share experiences through photos, but in an educational setting, photos and other personally identifiable information are governed by Federal Law. To ensure that this law is followed, no photographs are allowed to be taken during school, school sponsored activities, field trips or outings by any staff, students, or volunteers without specific permission of the administration. Any photographs taken at any of the above mentioned events will not be released by the school except as in accordance with the FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA).
